"The Earth does not belong to us—we belong to the Earth. Thank you for helping our children understand this beautiful truth."

Dear Parents and Guardians,

On behalf of our entire school family, we extend our heartfelt gratitude and deepest appreciation to each one of you for your wonderful support and active participation in our Recycling Campaign.

Your involvement truly made a difference. When parents and the school walk hand in hand toward a common goal, the results are not only impactful but truly inspiring. You did not just encourage your children—you led by example, and that is the greatest lesson a child can learn.

Because of your dedication and enthusiasm:

- Hundreds of recyclable materials were collected and saved from landfills.
- Our students witnessed firsthand that caring for the environment is a shared family value.
- A strong culture of sustainability and responsibility has begun to grow in young hearts.
- Our school community has become more united, aware, and environmentally conscious.

This campaign was not just about recycling paper, plastic, or metal—it was about renewing hope, nurturing responsibility, and building a greener future for our children.

We are delighted to share that the first day of the campaign was a great success. Due to the enthusiastic response, the **Recycling Campaign will continue tomorrow as well**. Interested students are warmly encouraged to participate and contribute.

Together, we are making the world a cleaner and better place—one small act at a time.
With warm regards and sincere gratitude,

Principal
Dr. N Jahnavi Reddy
