Committed to Excellence

DWPS/Acad-PC/18/2026-27

"Behind every successful child stands a parent who chose to learn, grow, and walk alongside their child."

Parenting today's Generation Z children is both a beautiful blessing and a challenging responsibility. The world they are growing up in is very different from the one we experienced. As parents, we often find ourselves wondering:

- Why aren't our children listening to us?
- Why are they spending so much time on mobile phones?
- Why are they losing interest in studies?
- How do we help them stay focused and disciplined?

Over the past few months, many parents have approached us with concerns regarding their children's lack of concentration, excessive screen time, procrastination, declining academic performance, and reluctance to follow instructions at home. We understand your concerns because your child's future is our shared responsibility.

With this in mind, the school has taken a special initiative to organize an **exclusive Parenting & Student Empowerment Session** by a renowned motivational speaker, counsellor, and Guinness World Record holder, who has transformed the lives of thousands of students and families through his inspiring guidance.

Session Timings: 01:00 P.M. to 02:30 P.M.

This powerful session will help parents understand:

- How to effectively handle Generation Z children.
- Practical ways to reduce screen addiction and manage digital distractions.
- Understanding and supporting children during the sensitive adolescent phase.
- Techniques to improve concentration and academic performance.
- How to motivate children to follow parents' guidance with love and understanding.
- Building respect, responsibility, and positive values at home.
- Developing good personal hygiene and healthy habits.
- Overcoming procrastination and building self-discipline.
- Teaching children to set priorities and manage their time wisely.
- Helping them stay focused, confident, and goal oriented.

This is not just another seminar—it is an opportunity to strengthen the bond between parents and children and to learn practical strategies that can bring lasting positive changes in your family.

The school has decided to bear the entire cost of this valuable session. **You are not required to pay any registration fee.** Our only humble request is that you invest your precious time by attending this session along with your child.

Your presence will be the greatest gift you can give your child. One session may inspire a lifetime of positive change.

We earnestly request both parents and your friends of the same age group, along with the student, to attend this session without fail and make the best use of this wonderful opportunity.

Together, let us build confident, disciplined, respectful, and successful children.

Kindly fill in the google form for us to make necessary arrangements.
